

IT'S TIME TO
GROW PLANTS
SMARTER
NO PLASTIC

**FASTER &
HEALTHIER
ROOTING**

**ENVIROMENT
FRIENDLY
SOLUTION**

**NO PLASTIC
TO COLLECT**

ELLEPOT[®] **GROWBAG SYSTEM**

GROW SMARTER WITH AUTOMATION

Ellepot[®] GrowBag System is an automated solution providing growers with faster propagation time, uniform growth and no transplant shock. With Ellepot GrowBag System, you can now enjoy automatically filling of the GrowBag with your own local media and start your propagation.

TOMORROW'S SOLUTION IS DEGRADABLE GROWBAGS

For many decades, polybags have been used as propagation methods. Ellepot will deliver the package of automatic filling machine and degradable paper to you and you will enjoy many benefits in your daily propagation. With Ellepot GrowBag System, you can start implementing this from day one.

Below you will find them in the 4 different areas, where we have highlighted some of benefits. Besides from this, Ellepot is also having focus on a greener planet, therefore the Ellepot GrowBag solution is also a benefit to our planet.

Ellepot Growbag System takes your propagation of young plant to a new level.

SMARTER PRODUCTION

BENEFITS:

- On-site production
- Customized sizes
- Automatic filled GrowBags on site
- Less labor needed
- Can handle soil

SMARTER PROPAGATION

BENEFITS:

- Faster and healthier root development
- Shorter production cycle
- Increased wet/dry cycles
- Reduced mortality
- Higher uniformity of plants

SMARTER HANDLING

BENEFITS:

- Faster plant out and establishment
- Automation
- No transplant shock
- Easier and faster transplanting
- Cost and logistics savings

SMARTER PLANT OUT

BENEFITS:

- Directly plant out
- No removal of plastic
- Faster establishment for the plant in the field
- Higher survival rate in the field

TOGETHER WE CAN GROW A GREENER BUSINESS

Our planet is facing many challenges – the changing climate, the increasing demand for food and the depletion of natural resources are just a few of today's concerns.

Unifying the two areas of sustainability and optimizing crop efficiency is a difficult task. However, with the Ellepot Grow Bag System, this is achieved in the best possible way.

The Ellepot Grow Bag System is made with passion and care to develop products that are better for the world.

TOMORROW'S
SOLUTION IS
100%
NATURAL
